CUBA.

Report from Banes, fruit port.

Acting Assistant Surgeon McConnell reports as follows: Week ended August 4, 1906. Present officially estimated population, 6,000; general sanitary condition of this port and the surrounding country during the week, fair as regards Cuban portions; good as regards American portion.

Bill of health was issued to the following-named vessel:

Date.	Vessel.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.	Pieces of baggage disinfected.
Aug. 2	Freke ^a	15	0	0	0

^a Fumigated.

Report from Cienfuegos—Inspection and fumigation of vessels—Malarial fever on steamship Burbo Bank, from Canal Zone.

Vice and Deputy Consul Lombard reports, August 6, as follows:

Week ended August 4, 1906: Bills of health issued for 6 vessels bound for the United States with crew of 213. No passengers.

The British steamship *Burbo Bank*, during voyage from Cristobal, Canal Zone, to this port, had 4 cases of malaria, and on August 1, day of clearance for New York, patients were improving. The German steamship *Caledonia*, bound for New Orleans, was duly fumigated by the Cuban authorities at this port, according to prevailing quarantine regulations.

The sanitary conditions of these vessels were reported good. No quarantinable diseases reported at this port during the week.
